RESOLUTION NO. _____

ENTITLED: "A RESOLUTION ACKNOWLEDGING THE RECEIPT OF THE PRELIMINARY COST MODELS FOR A SECOND LEVEL ON THE CHEYENNE MUNICIPAL COURT BUILDING TO BE LOCATED AT 308 WEST 17th STREET AND SUPPORTING THE DEDICATION OF FUNDS TO DESIGN AND BUILD A FINISHED SECOND LEVEL ON THE CHEYENNE MUNICIPAL COURT BUILDING."

WHEREAS, on May 2, 2017, voters approved a one percent (1%) Specific Purpose Sales and Use Tax to raise Nine Million Dollars (\$9,000,000.00) for the construction of a new Municipal Court; and

WHEREAS, on May 14, 2018, the Governing Body approved the purchase of Real Property located at 308 West 17th Street in the City of Cheyenne, Laramie County, Wyoming, through City Contract #6835; and

WHEREAS, on August 22, 2018, the City completed all steps necessary to complete the purchase of the Real Property; and

WHEREAS, the firm of Noel Griffith Jr. & Associates Architects has been retained to design the new Municipal Court; and

WHEREAS, at the request of the City, Noel Griffith Jr. & Associates Architects have completed Preliminary Cost Models for a Second Level on the Cheyenne Municipal Court Building, a copy of which is attached hereto as Exhibit A; and

WHEREAS, completing the second story on the Cheyenne Municipal Court Building will ensure the building's compatibility with existing two-story structures on the block and in the immediate vicinity, may assist with adding historical façade elements, and will provide needed space for municipal operations; and

WHEREAS, a commitment by the Governing Body to move forward with the second story on the Cheyenne Municipal Court Building is necessary at this time to facilitate appropriate engineering, structural and design decisions.

NOW THEREFORE BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING:

1. Receipt of the Preliminary Cost Models for a Second Level on the Cheyenne Municipal Court Building is hereby acknowledged; and
2. The Governing Body states its commitment to dedicate necessary funds to design and build a finished Second Level on the Cheyenne Municipal Court Building.

PRESENTED, READ, AND ADOPTED this ____ day of _____, 2018.

Marian J. Orr, Mayor

(Seal)

Re: PRELIMINARY COST MODELS FOR A SECOND LEVEL OF THE COURTS BUILDING, 308 WEST 17TH STREET

Dear Vicki,

To address the possibility of adding a second level to the future Cheyenne Municipal Courts Building at 308 West 17th Street, we have been tasked with providing estimated costs associated with this second level as a shell only and a finished space. With either scenario, there are many variables to consider that will affect the Project Cost Model for each presented herein. These items may include: the identification and function of the other tenants in the building, vertical transportation needs, final building square-footage, and historical façade considerations, among other considerations. These variables will need to be reviewed, and Project Goals determined, to finalize the Project Budget needed to achieve those goals. The costs estimates presented at this time are to provide a cost magnitude to evaluate the budget required to achieve either a 2nd floor shell only or a finished 2nd floor.

The square-footage used in both the Shell Only and the Finished 2nd Floor Cost Models utilize 14,500 sf, which is the most conservative, as that is the size of the lot and the largest footprint the building can be. These Cost Models also incorporate a budget allowance of \$500,000 for minimal historical elements on the 2nd floor façades.

Please feel free to contact me if there are any questions or concerns with the Preliminary Project Cost Models.

Sincerely,

Noel Griffith, Jr. AIA
Architect/Principal
noel griffith jr. & associates architects

CHEYENNE MUNICIPAL COURTS BUILDING
308 West 17th Street
August 20, 2018

2ND FLOOR SHELL ONLY

PRELIMINARY PROJECT COST MODEL

2 nd floor shell only: 14,500 sf @ \$225/sf* (including increase loads on lower level structure)	\$ 3,262,500.00
<u>Historical replica elements on the 2nd story facade</u>	<u>\$ 500,000.00</u>
	\$ 3,762,500.00
<u>10% contingency</u>	<u>\$ 376,250.00</u>
	\$ 4,138,750.00
<u>Architectural and Engineering Fees</u>	<u>\$ 331,100.00</u>
Total additional costs associated with 2nd floor shell only	\$ 4,469,850.00

FINISHED 2ND FLOOR

PRELIMINARY PROJECT COST MODEL

2 nd floor finished: 14,500 sf @ \$300/sf* (including increase loads on lower level structure)	\$ 4,350,000.00
<u>Historical replica elements on the 2nd story facade</u>	<u>\$ 500,000.00</u>
	\$ 4,850,000.00
<u>10% contingency</u>	<u>\$ 485,000.00</u>
	\$ 5,335,000.00
<u>Architectural and Engineering Fees</u>	<u>\$ 426,800.00</u>
Total additional costs associated with a finished 2nd floor**	\$ 5,761,800.00

** Note: the above dollars do not include Soft Costs (Furniture, Fixtures & Equipment, IT cabling and terminations, project financing, design contingency, owner contingency, environmental audit, etc.)*

***To provide a cost magnitude of soft costs associated with a finished 2nd floor, for budgetary review purposes, and assuming typical office functions, \$725,00.00 can be considered. This dollar amount is flexible and can be reviewed in more detail when the Project Goals are defined.*
