

City of Cheyenne
Community Development Block Grant
2019 Annual Action Plan

DRAFT
March 2019

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Cheyenne prepared a Comprehensive Consolidated Plan for Fiscal Years 2015 - 2019 that provided a five-year strategic plan. The 2019 Annual Action Plan covers the fifth year and is designed to be a collaborative process allowing residents to establish a unified vision for community development actions. It offers the residents of Cheyenne the opportunity to shape various housing and community development programs into an effective, coordinated set of strategies that addresses needs without duplicating programmatic efforts.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

Activities identified in the 2019 Annual Action Plan will implement the goals of the Five-Year Consolidated Plan. The objectives provide specific actions to revitalize a low and moderate-income neighborhood, provide for facility rehabilitation, provide training, provide transportation and food for low-income individuals and promote fair housing choices. Performance outcomes from these objectives will result in improvements to neighborhoods through public infrastructure improvements and facility rehabilitation. The plan also provides for community and supportive services for low- and moderate-income persons, and those with special needs.

Specifically, the City will do the following:

Create Suitable Living Environments:

1. Assist approximately 300 low-income individuals with transportation.
2. Assist approximately 3,500 low-income individuals with food baskets.
3. Assist approximately 15 low-income single mothers with job training.
4. Assist up to 5 low-income students with scholarship assistance.
5. Remove an old and worn playground in a low-income neighborhood and replacing it with a new, safer and ADA compliant playground.

Improve Economic Opportunity:

1. Provide safety and efficiency upgrades to non-profit facilities to include HVAC replacement, upgraded lighting, ADA compliance, fire safety upgrades, flooring and upgraded system to save water. These non-profits aid the homeless, seniors, and low-income residents of Cheyenne.
2. Provide facility rehabilitation for program expansion.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City's past programs have focused on community needs that continue to exist including aging housing and infrastructure, neighborhood improvements, and social service supports for low-income residents. Cheyenne believes the programs proposed for the 2019 Action Plan year and goals for the five-year planning period, are like those used in the past, and continue to be the most efficient and effective use of Community Development Block Grant (CDBG) funds.

Within the first year of the Consolidated Plan the Housing and Community Development (H&CD) Office assisted over 2,443 people in activities aimed at improving self-sufficiency. Tuition assistance was provided for 13 low-income single mothers who received job training. The local food pantry assisted 2,018 individuals with emergency food assistance. The City Transit Department assisted 408 individuals with free bus tokens to help with transportation to employment, doctors, grocery stores, etc. Homeless Prevention was provided for 4 low-income residents. Smoke detectors were purchased and are available for installation in low-income homes. Exterior rehabilitation was provided for 4 low-income homeowners, facility rehabilitation was provided for a senior center, and a facility for at risk youth was purchased.

Within the second year of the Consolidated Plan the H&CD Office assisted over 2,166 people in activities aimed at improving self-sufficiency. Tuition assistance was provided for 10 low-income single mothers who received job training. Tuition assistance was also provided for one low-income student to assist with obtaining an associates degree. The local food pantry assisted 1,882 individuals with emergency food assistance. The City Transit Department assisted 249 individuals with free bus tokens to help with transportation to employment, doctors, grocery stores, etc. Homeless Prevention was provided for 24 low-income residents. Land was purchased for a home development to provide 3 new affordable homes in Cheyenne. The local homeless shelter and a senior center will receive facility rehabilitation. One low-income homeowner received rehabilitation for their home and funding is available to assist prospective homebuyers with downpayment and closing costs. Funding is also available to assist with the purchase of land to help with flood control within a low-income neighborhood.

Within the third year of the Consolidated Plan the H&CD Office assisted over 819 people in activities aimed at improving self-sufficiency. Tuition assistance was provided for 8 low-income single mothers who received job training. The local food pantry assisted 548 individuals with emergency food assistance. The City Transit Department assisted 224 individuals with free bus tokens to help with transportation to employment, doctors, grocery stores, etc. Homeless prevention was provided for 39 low-income residents. The local homeless shelter and a senior center received facility rehabilitation, 393 homeless clients received an improved facility and 175 seniors received an improved kitchen. Land was purchased to help with flood control within a low-income neighborhood. One low-income homeowner received rehabilitation for their home and funding is available to assist prospective homebuyers with down payment and closing costs. One low-income area park will receive a new playground. The old playground was dangerous and has been removed. The new playground will be installed this summer. Another low-income area park will receive a new ADA restroom. The old restroom was not ADA accessible and was very old. The new restroom will be installed this summer. A shared living facility is receiving an electrical upgrade that will benefit 4 low-income residents.

Within the fourth year of the Consolidated plan the H&CD Office assisted over 4,117 people in activities aimed at improving self-sufficiency. Tuition assistance was provided for 6 low-income single mothers who received CNA job training, seven low-income single mothers who received plumbing training and one low-income resident received assistance at the local community college. The local food pantry assisted 3,220 low-income individuals with emergency food assistance and 109 low-income individuals with bus token assistance. Homeless prevention was provided for 3 low-income residents. The local senior center received a van to deliver meals to 771 seniors. Additional land was purchased to help with flood control within a low-income neighborhood. A new playground was installed in a low-income area park and an ADA restroom was installed in another low-income area park. A shared living facility received an electrical upgrade that benefited 7 low-income residents. Two low-income homeowners received assistance with housing rehabilitation. One low-income area will receive infrastructure upgrades. The work should be completed in the summer of 2019.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The City of Cheyenne began its citizen participation and consultation process in September 2018 with a Notice of Funding Available (NOFA) announcing the Fiscal Year 2019 CDBG funding cycle was beginning. The notice was published in the local paper, posted on the City of Cheyenne website, e-mailed to over 150 residents and posted on LinkedIn and Facebook. A public meeting/training session was held on October 3, 2018, with 13 residents attending.

A News Release announcing that a Public Hearing was to be held on November 7, 2018, was published in the local paper, posted on the City of Cheyenne website, e-mailed to over 150 residents and posted on LinkedIn and Facebook. Residents of the City were encouraged to attend the Public Hearing and provide comments on the concept paper applications that were received. Seven residents attended. The

Advisory Council consulted and reviewed the submitted concept papers to determine which would proceed to the full application phase. The Advisory Council met with the individual applicants on February 6, 2019, to ask specific questions regarding the submitted grant applications. Ten residents attended the February meeting along with 7 Advisory Council Members.

On March 22, 2019, a draft of the Annual Action Plan will be published and made available at the County Library, City Clerk's Office, Housing & Community Development Office and on the City Website, for 30-days to allow the citizens of Cheyenne to comment on the plan. NOTE: Last year's Entitlement amount was used with Tier 1 and Tier 2 funding identified. A public notice was published in the local paper, posted on the City Website, e-mailed to over 150 residents, agencies and churches, posted on LinkedIn and Facebook. A Public Hearing is scheduled for April 22, 2019, during the bi-monthly City Council Meeting. An announcement of this Public Hearing will be published on April 8, 2019. This is the final opportunity for citizens to comment on the plan. City Council will review the plan during their Finance Committee Meeting on May 6, 2019, and approve the Plan during the bi-monthly City Council Meeting on May 13, 2019.

The H&CD Office is expanding its Citizen Participation outreach via social media with over 1,562 connections on LinkedIn, over 496 friends on Facebook, and over 128 followers of the H&CD Facebook Page. The e-mails, LinkedIn, and Facebook include contacts with local non-profits, businesses, churches, city, county, and state agencies. The H&CD Office is also working with the Wyoming Office of Health Equity and Google Translation to provide translation services for residents with Limited English Proficiency (LEP).

The Citizen's Participation Plan also addresses how to deal with anticipated funding. The H&CD Office Advisory Council will identify two tiers of funding. Tier 1 funding will be calculated using the prior year funding amount. Tier 2 funding will only be available if additional funding is awarded. If FY 2019 funding comes in less than Tier 1, all public service sub-grantees identified will take an equal percentage cut and any identified general service sub-grantees will be cut. If HUD has not identified the exact dollar amount to be awarded to Entitlement Communities by March 22nd of the 2019 plan year, the H&CD Program Manager will submit the Draft Annual Action Plan / Draft Consolidated Plan for a 30-day comment period using anticipated dollar amounts. Once HUD has published the awarded amount, the Plan will be updated with exact numbers then submitted to HUD.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Even though the residents of Cheyenne were provided multiple opportunities to comment on the Fiscal Year 2019 Annual Action Plan no comments have been received. Public Notices were placed in the local newspaper, on the City Website, on LinkedIn, and on Facebook. The Public Notices were also e-mailed through the Laramie County Community Partnership and to over 150 individuals, agencies, and

churches. Public Meetings / Hearings were held prior to the 30-day comment period and one Public Hearing will be held at the end.

No comments were received during the 30-day comment period.

6. Summary of comments or views not accepted and the reasons for not accepting them

No comments have been received.

7. Summary

The H&CD Office provides the citizens of Cheyenne the opportunity to comment on the Community Development Block Grant (CDBG) cycle multiple times throughout the process. A final public hearing will be held during the City Council meeting on May 13, 2019 and will be the last date that written comments will be accepted for inclusion in the Annual Action Plan.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

The City of Cheyenne is in constant contact with various agencies to ensure funding priorities are in line with current community development goals. The City's various departments, including the Mayor's Office, Development Office, Planning Office, Transit Department, Community Recreation and Events Department, and Metropolitan Planning Office (MPO) foster communication with the Cheyenne Housing Authority and numerous local agencies.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

The H&CD Office is working with WyoNAHRO on their efforts to implement a state Housing Trust Fund.

The H&CD Office Program Manager is a member of the Wyoming Homeless Collaborative, and WyoNAHRO. The teams are made up of members of the community to include State Government, Medical, and local non-profits.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Wyoming Continuum of Care is working with agencies throughout the state, including the Housing & Community Development Office, to strengthen participation. The Wyoming Continuum of Care is known as the Wyoming Homeless Collaborative (WHC). A new Lead Agency has taken charge and a Technical Assistance Team met with the WHC to help with strategic planning and structural issues such as Governance Charter, Policies & Procedures, Homeless Management Information Systems (HMIS), the WHC budget, Housing Inventory and Point in Time Counts. Since then WHC has worked diligently to ensure that the Point in Time Count was a success.

The Governor of Wyoming has appointed a homeless coordinator. The first Homeless Conference was held in October, 2015, with over 100 participants.

The City of Cheyenne H&CD Office was also part of the LCCP Strong Families Action Team. The team works with the homeless liaison for School District #1 and is working to procure 6 unaccompanied student residences within Cheyenne, a boys and a girl's residence within each triad. A residence within the East Triad was donated by Holy Trinity Manor and was available to house students within the spring semester 2016. Land has been procured within the South Triad and they are building a duplex. A ground-breaking ceremony was held on January 29, 2018. A local contractor also donated a 5-bedroom

housing in the South Triad. A ribbon cutting ceremony was held on December 20, 2018, and the students moved in before Christmas.

The H&CD Office is also working with COMEA House and Family Promise of Cheyenne. COMEA is the local homeless shelter and CDBG funding has been utilized for needed rehabilitation. Family Promise works with homeless families.

The H&CD Office hosted a collaboration meeting on March 10, 2017, for agencies who work with the homeless in Wyoming. The purpose of the collaboration meeting was to collect resources available to address the needs of homeless persons and persons at risk of homelessness. There were 13 community members who attended the meeting via phone or in person. The H&CD Office also collaborated with other agencies who were unable to attend the meeting. The results of the meeting are attached.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

N/A; The City of Cheyenne does not receive the Emergency Solutions Grant (ESG). The Homeless Management Information System (HMIS) assists Continuum of Care planning groups to identify needs and gaps in provision of housing and services to assist persons who are homeless.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	Wyoming Homeless Collaborative	The Wyoming Homeless Collaborative (WHC) is an inclusive, community-based group that plans for and manages homeless assistance resources and programs efficiently and effectively with the ultimate goal of ending homelessness in Wyoming. The WHC is the planning body in the State of Wyoming that coordinates the community's policies, strategies and activities toward ending homelessness. The program is composed of transitional housing, permanent supportive housing for disabled persons, permanent housing, supportive services and HMIS. The City of Cheyenne's 5-Year Consolidated Plan's Homelessness goal is to provide sufficient, safe, and secure housing and supportive services to those in need, with an ultimate goal of self-sufficiency. The following outcomes were identified: 1) Assist 5 households with tenant-based rental assistance/rapid rehousing 2) Preserve and improve the homeless shelter

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
PlanCheyenne	City of Cheyenne Metropolitan Planning Office	Plan Cheyenne is looking to provide new regulations that will help protect the character of the community's established neighborhoods and natural environment and ensure that future development is consistent with the community's vision. While the visual impact of the new regulations will take time to emerge, their presence reinforces the community's commitment to quality development. Plan Cheyenne places a strong emphasis on mixed-use development patterns as a means of maintaining the Cheyenne Area's identity, creating livable and pedestrian-oriented neighborhoods, stimulating development and revitalization, and promoting energy-efficient development. As part of the City's Unified Development Code (UDC), a variety of new mixed-use districts were established to support the implementation of the different intensities and types of mixed-use development designated by the Future Land Use Plan. In addition, some existing zone districts were modified to promote more compact, pedestrian-oriented development patterns. These and other amendments not only help bring the City's regulations into compliance with Plan Cheyenne, but also serve as incentives for future infill and redevelopment. The City of Cheyenne's 5 Year Consolidated Plan identifies goals to preserve and improve low income neighborhoods and to provide safe, decent affordable housing. This can be accomplished with smaller lot sizes and multi-family housing units as identified in Plan Cheyenne.
CHA 5-Year and Annual Plan	Cheyenne Housing Authority	The Cheyenne Housing Authority (CHA) will provide decent, safe and sanitary housing to the elderly, disabled and economically disadvantaged families who are unable to obtain housing through conventional means. The H&CD Five Year Consolidated Plan's Housing goals are: "Preserve and improve low income neighborhoods" and "Provide safe, decent affordable housing."

	Goal Description	Public Service activities that will be addressed with this goal include: Needs, Inc. will provide food boxes to approximately 3,500 low-income individuals. Needs, Inc. will provide free bus tokens to approximately 300 low-income individuals.
2	Goal Name	Promote job training and opportunities
	Goal Description	To assist with tuition / books for approximately 5 low-income students to attend Laramie County Community College. Climb Wyoming will provide job training to approximately 15 low-income single mothers. Habitat for Humanity will provide rehabilitation for a new ReStore facility. This will result in their hiring 3 full-time employees.

3	Goal Name	Public Facilities or Infrastructure Activities
	Goal Description	COMEA Inc. will provide flooring rehabilitation in their transitional apartments and common area. It will also provide for needed noise mitigation. Needs, Inc. will provide for facility safety and efficiency upgrades to include: replace HVAC unit, lighting upgrade, install smoke detectors/fire extinguishers, replace door with metal fire door, install fire retardant drywall in basement, create fire escape hatch access from basement, replace 3 toilets, pave rear parking lot, exterior paint, caulking around windows, doors and brick, install new thresholds for exterior doors, install new vinyl tile in pantry and repair roof on walk-in cooling unit. Senior Center will provide for a more energy efficient air-cooled condensing unit for their walk-in freezer.
4	Goal Name	Preserve and improve low income neighborhoods
	Goal Description	The City will provide for the removal of an old and worn playground and the installation of a new, safer and ADA compliant playground within a low-income neighborhood.
5	Goal Name	Program Administration
	Goal Description	To provide Program Administration for the FY 2019 CDBG Grant.

Projects

AP-35 Projects – 91.220(d)

Introduction

Below is a summary of the eligible projects that will take place during the program year that address the City's priority needs. Specific objectives are detailed in the individual project descriptions below. Accomplishments of each project will be recorded in a quantitatively that measures productivity by addressing the following categories:

Objectives

1. Creating Suitable Living Environments
2. Providing Decent Affordable Housing
3. Creating Economic Opportunities

Outcomes

1. Availability / Accessibility
2. Affordability
3. Sustainability

7	Parks & Recreation - Lincoln Park Playground
8	Habitat for Humanity – Facility Remodel & Program Expansion
9	Program Administration

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved

needs

The allocation of funds is closely aligned with the housing and community development needs identified by the stakeholders and citizens who participated in the development of the Consolidated Plan. The primary obstacle to addressing underserved needs is lack of funds. The cost of needed improvements to the city far exceeds the city's five-year allocation of HUD block grant funds. The City also faces budgetary constraints associated with the economic downturn.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The geographic area of the jurisdiction is the City of Cheyenne. Approximately 58 percent of the offices are located within Census Tract 7, with 55 percent of the funding identified to be spent within Census Tract 2; and 12 percent within Census Tract 7. The remainder of the funding will be spread throughout the City of Cheyenne for low to moderate-income households and persons.

Geographic Distribution

Target Area	Percentage of Funds
City of Cheyenne	100

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The Housing & Community Development Advisory Council's priorities are to serve the low to moderate-income population. The grant recipients have to demonstrate that their clients are low to moderate-income city residents. The majority of their clients live in Census Tracts 2, 3, 7, 10 and 13, which are the City of Cheyenne's low income neighborhoods. It is estimated that approximately 90 percent of our grant allocation will be dedicated to these low income neighborhoods.

Discussion

The following grants have been recommended for funding and are located within the identified Census Tract.

Climb Wyoming \$15,000. Their main office is located in Census Tract 7, Block 1. All of their assistance will be given to low-income single mothers of Cheyenne. Their clients are scattered throughout Cheyenne.

Needs, Inc. \$80,000.00. Their main office is located in Census Tract 2, Block 2. All of their assistance will be given to low to moderate-income residents of Cheyenne. Their clients are scattered throughout Cheyenne.

H&CD Advisory Council Scholarship Program \$ 5,000.00. Their office is located in Census Tract 7, Block 1. This grant assists low to moderate-income students attending LCCC. The students are scattered throughout Cheyenne.

COMEY, Inc. \$ 40,000.00. Their office is located in Census Tract 7, Block 1. This grant assists homeless

individuals in Cheyenne.

Laramie County Senior Services Program \$ 8,893.44. Their office is located in Census Tract 7, Block 3. This grant assists low to moderate-income seniors. The seniors are scattered throughout Cheyenne.

City Parks & Recreation \$191,201. The park is located within Census Tract 2, Block 2. This grant will assist a low-income neighborhood.

Habitat for Humanity \$85,000. Their main office is currently located in Census Tract 7, Block 1. This grant will assist with new facility rehabilitation and will result in jobs created. Recaptured funding will be utilized for this project. It is unknown how much funding will be available, and a location has not yet been identified.

Program Administration \$86,789. The office is located within Census Tract 7, Block 1.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

Affordable housing is a continuing need in Cheyenne. In past years it has been a struggle to find developers who are willing to provide new affordable housing units within the city. Even so, in 2014 three developers applied to WCDA for HOME and Low Income Housing Tax Credit assistance to build 117 units within Cheyenne. Another agency is looking to build 44 units for veterans. Two of the developers again submitted applications to WCDA in 2015. In October 2015 WCDA approved funding for two developments within Laramie County. Crow Creek Apartments, containing 59 units, will be located on Avenue B-6 within Census Tract 4.02, just outside of the city limits. Grand Harmony Apartments, containing 33 units, will be located within Census Tract 3, within the city limits. Both developments are located on the south side of Cheyenne, the county project is located within a low income census tract. In 2017 three developers applied to WCDA for HOME and Low Income Housing Tax Credit assistance to build 215 units within Cheyenne for families and seniors. Per the Planning and Development Department the following complexes are in various phases: South Ridge Apartments, an affordable housing complex, that includes 40 units has been completed; Mission Village, an affordable housing complex, that includes 41 units is under construction; Converse Place Apartments, an affordable housing complex, that includes 72 units is under construction; Grand Mesa Apartments, an affordable housing complex, that includes 62 units is under construction; Annie Morgan 4-Plexes, an affordable housing complex, that includes 40 units has been completed; .

The City Metropolitan Planning Office (MPO) has updated PlanCheyenne. PlanCheyenne places a strong emphasis on mixed use development patterns as a means of maintaining the Cheyenne Area's identity, creating livable and pedestrian oriented neighborhoods, stimulating development and revitalization, and promoting energy efficient development. As part of the City's Unified Development Code (UDC), a variety of new mixed use districts were established to support the implementation of the different intensities and types of mixed use development designated by the Future Land Use Plan. In addition, some existing zone districts were modified to promote more compact, pedestrian oriented development patterns. These and other amendments not only help bring the City's regulations into compliance with PlanCheyenne, but also serve as incentives for future infill and redevelopment.

The process of updating and approving PlanCheyenne has gone a long way to educating the local developers and they are becoming more open to building more compact neighborhoods which are more affordable, as opposed to single family homes on large lots which are not affordable. Pedestrian oriented neighborhoods will give the low income residents of Cheyenne the opportunity to work, live, and play all within walking distance so transportation will not be an issue.

The City will continue to discuss the affordable housing concept with local developers. Also, the amount of CDBG funding that the City receives is too little to help with more than a small infrastructure

project. Therefore, the Housing & Community Development Office is focusing on ensuring that homeowners remain in their current homes. In 2018 two programs were approved and in 2019 no applications were received.

Discussion

With all the recent and projected growth in the City, demand for affordable housing will only increase in coming years. Apartment vacancies in Cheyenne have remained very low over the past 3 years, with vacancies fluctuating from 2.8 percent to 2.9 percent to 5.2 percent. The average number of City residential units for sale in third quarter 2018 was 242 compared to 271 units for sale at the same time in 2017, 298 units in 2016, and 270 units in 2015. The number of City unfurnished apartments vacant in third quarter 2018 was 17 compared to 32 vacant at the same time in 2017 and 26 vacant in 2016. Because Cheyenne is growing, average home prices, especially for newer homes have seen a strong increase over the past 8 years. In 2018 the average home sales price in the third quarter was \$261,598 compared to \$249,083 in 2017, \$228,848 in 2016, and \$212,450 in 2015. 1

AP-60 Public Housing – 91.220(h)

Introduction

The Cheyenne Housing Authority (CHA) manages public housing units in Cheyenne. The CHA provides decent, safe and sanitary housing to elderly, disabled and economically disadvantaged families unable to obtain housing through conventional means. The ultimate goal of the CHA is to assist and empower its clients through the professional and courteous provision of basic life services that help clients gain control of their destinies.

The CHA administers low-income rental housing assistance for nearly 2,150 households throughout Wyoming. At the same time the CHA also has a waiting list of approximately 1,757 households for its Section 8 voucher program and 1,123 households for its Public Housing programs. This is one indication of the shortage of affordable housing for all eligible populations.

The CHA has a total of 266 Public Housing Units in Cheyenne consisting of 97 scattered site single family homes and 3 multifamily properties serving senior and disabled tenants. The CHA also manages 1,000 Housing Choice Vouchers and 91 VASH vouchers.

Actions planned during the next year to address the needs to public housing

The City of Cheyenne has a working partnership with the CHA to meet housing needs within the community. However, the CHA develops its own Agency Plan for submission to HUD; the Agency Plan is consistent with the City of Cheyenne Consolidated Plan.

In essence, the CHA Agency Plan describes capital improvements to address modernization needs throughout its public housing portfolio, including: potential replacement of a public housing unit, potential conversion of public housing to project-based RAD, and their nonsmoking policy has been updated. There are no funds available for the creation of new public housing units.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The CHA also operates a Family Self Sufficiency (FSS) Program; the FSS Program supports active participants efforts to eliminate their dependence on subsidy programs by engaging participants in methods they can utilize to become financially independent.

Participants are offered a variety of tools to improve their financial situation, are provided an opportunity to learn new skills and/or enhance old skills, and are provided methods to achieve economic self-sufficiency. The FSS Program is available to all participants living in Laramie or Albany

County that receive Section 8 rental assistance or Public Housing through the CHA.

One primary FSS program benefit is the opportunity to build an escrow savings account. As earned household income increases, the escrow account increases. When the family has successfully met all its goals and graduates from the program, they receive the full amount of their escrow funds, including interest. Escrow account funds can be used for a down payment on a home, to open a small home business, etc.

In 2018, FSS program participants included 9 Public Housing tenants and 6 Section 8 participants.

The CHA solicited public comment and held a public hearing as part of its Agency Plan submission process, and solicits public comment prior to adoption of any policy change. Additionally, the CHA informs the public, including tenants, of regularly scheduled monthly meetings of the CHA Board of Commissioners and invites public comment at each meeting. The CHA encourages the development and operation of Resident Councils in each of its multifamily public housing communities, and works closely with those Resident Councils to solicit and discuss tenant feedback regarding ongoing operations of the public housing program.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The CHA is not a troubled public housing agency. On the contrary, the CHA functions exceptionally well.

Discussion

The Cheyenne Housing Authority sponsored the formation of a new nonprofit housing organization, the Wyoming Housing Partnership (WHP). WHP in 2017 acquired ownership interest to preserve three affordable housing developments in Cheyenne totaling 88 units and intends to develop new affordable housing units in the future.

The CHA provides ongoing fair housing training for all their staff. They also provide ongoing tenant training regarding housekeeping, being a good neighbor, energy conservation and other topics intended to support successful tenancy.

The CHA is active in WyoNAHRO, Mountain Plains NAHRO, National NAHRO, AHMA and other housing organizations; staff participates in fair housing and other training at conferences presented by each of these entities.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Homeless and special populations are one of the City of Cheyenne's top three categories for priority needs and goals within the Five Year Consolidated Plan. The City of Cheyenne Housing & Community Development Office has a working relationship with COMEA House, the local homeless shelter; Safehouse, the local domestic violence shelter; Community Action of Laramie County (CALC), a local ESG and CSBG agency; Family Promise, a local transitional housing agency; Wyoming Independent Living, a local disability agency; Cheyenne Transit Program, the local public transit system; Laramie County Community Partnership Strong Families Action Team, a local nonprofit working with homeless youth; The Salvation Army, a local nonprofit working with homeless and low-income residents; and Needs, Inc., a local food bank. All of the above agencies work with the homeless and special populations in the City of Cheyenne.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The following actions will be taken by the City of Cheyenne in Fiscal Year 2019 to address the needs of homeless persons and homelessness prevention. In January 2019, a Point in Time (PIT) count was conducted. The PIT is an intense survey used to count the number of homeless individuals living in Cheyenne on the streets, in shelters, safe houses or in transitional housing, or in areas not meant for human habitation. The homeless shelter, SafeHouse, and transitional housing employees collected the information for the sheltered count and volunteers counted the unsheltered. The information collected is being compiled into a report that will show a more accurate homeless count for Cheyenne but will not be available for several months.

The Wyoming Coalition for the Homeless (WCH) is an advocacy and empowerment agency offering the homeless non-violent ways to voice their views and become self-advocates. They offer assistance during the day to the homeless population. The WCH provides opportunities for writing/publication, art exhibits/sales, legislative action, homeless speaker's bureau and other programs, which raise self-esteem and confidence, and educates the public from the homeless person's point of view. The Welcome Mat has been an active project of WCH, since 1993. This project offers a day center for the homeless, clothing closet, computer lab, bicycle repair shop, library, sewing and fabric rooms for making sleeping bags, etc.

Community Action of Laramie County (CALC), operates a health clinic for the homeless at the City/County Health Department, Cheyenne Crossroads Clinic. This program provides medical care and other health services to the homeless population of Laramie County. In addition, they manage the John

J. Edmonds Veterans Home which is a short-term program of 90 days or less offering case management and temporary housing to low-income veterans who've been issued a housing option by the local VA or Volunteers of America.

Family Promise works with homeless families to provide emergency and on-going shelter, meals, and supportive services. They manage a duplex and work with the local churches to help house homeless families.

The Housing & Community Development (H&CD) Office will be working with two nonprofit agencies in Fiscal Year 2019 that help the homeless population in Cheyenne:

Needs, Inc. provides short term emergency services and assistance to homeless individuals and families, during daylight hours. Individuals in need receive food and clothing. Needs started handing out free bus tokens. CDBG will help by providing food, free bus tokens and facility rehabilitation.

COMEA, Inc. is the local homeless shelter. COMEA provides up to 5 days in the emergency dorm, meals, and clothing. Their Journey Program provides additional time for individuals to become stable and search for employment. Their Pay-to-Stay Program is available for individuals who maintain employment. Their Transitional Living Program serves those with circumstances that make independent living exceptionally difficult. CDBG will help by providing facility rehabilitation to their transitional housing apartments.

Addressing the emergency shelter and transitional housing needs of homeless persons

The COMEA House continues to be a primary overnight homeless shelter for the community. The shelter provides a safe and secure emergency shelter to homeless adults and families. COMEA is a 5-day emergency shelter for men, women, and families. Currently the shelter can accommodate 65 men and women and two families at a time. In addition to the emergency shelter, COMEA House also has a Transitional Living Program (TLP). The TLP consists of 12 efficiency apartments; two of these apartments are handicap accessible. The purpose of the TLP is to help homeless men and women transition from homelessness into self-sufficiency. They also have a pay to stay dormitory that houses up to 10 men in a semi private living space. These men are working and saving for a place of their own and can participate in the program for 90 days. In 2019 CDBG will assist with the rehabilitation of the Transitional Facility.

Community Action of Laramie County (CALC) manages the John J. Edmonds Veterans Home. They also manage transitional housing which consists of single-occupancy apartments that are offered to homeless individuals, as well as larger apartments and/or homes to assist low-income families. CALC also receives federal funds for their health care program that provides primary medical care, mental health services, and substance abuse services to individuals and families who are currently homeless.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to

permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Community Action of Laramie County (CALC) offers several programs for the homeless. Their Transitional Housing program consists of single occupancy apartments that are offered to qualified individuals, as well as larger apartments and/or homes to assist low-income families.

Family Promise houses homeless families in churches and in a duplex that they acquired with CDBG funding.

Laramie County Community Partnership (LCCP) Strong Families Action Team is working with Catholic Charities to provide host homes for homeless unaccompanied youth. They have acquired the use of a home and are housing unaccompanied students. They have received land where they will build a duplex. They had a ground breaking ceremony in early 2018 for the duplex.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

COMEA House operates a Homeless Prevention program with ESG funding. This program assists individuals who are about to be evicted.

The Salvation Army operates a program that provides housing & utilities assistance to keep low income residents in their homes. They received CDBG assistance for this in 2016 and 2017. They have applied to HUD for ESG funding.

Community Action of Laramie County Inc. receives CSBG funding. Services are provided by application only, which can include temporary housing upon eligibility and availability.

Even though the above three agencies provide the same service the need far exceeds the available funding.

LCCP Strong Families Action Team continues to work with a youth homeless taskforce to identify the

needs of the local homeless youth.

Discussion

In the past 6 years the City of Cheyenne has put Public Service dollars towards the homeless in Cheyenne, also \$128,292.40 has been given to COMEA House for rehabilitation, CALC has received \$11,000 for Homeless Prevention. The Salvation Army has received \$27,420 for Homeless Prevention. Interfaith Family Support Services has received \$11,000 for homeless families.

This is an area where Cheyenne will continue to provide funding.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

The City of Cheyenne continues to view nonprofit capacity of affordable housing partners, economic market conditions for low to moderate-income homebuyers, and reductions in federal investments to be the most significant barriers to affordable housing in Cheyenne.

In past years it has been a struggle to find developers who are willing to provide new affordable housing units within the city. Even so, in 2014 three developers applied to WCDA for HOME and Low-Income Housing Tax Credit assistance to build 117 units within Cheyenne. None were successful. Two of the developers again submitted applications to WCDA in 2015 and received funding. In 2017 three developers applied to WCDA for HOME and Low-Income Housing Tax Credit assistance to build 215 units within Cheyenne for families and seniors. This shows that developers are now willing to come to Cheyenne but there is not enough Low-Income Housing Tax Credit assistance available and the developers have to look elsewhere for funding.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The Cheyenne Metropolitan Planning Office (MPO) has updated PlanCheyenne. PlanCheyenne and the Unified Development Code (UDC) addresses topics like land use, zoning ordinances, building codes, and policies. During the approval process for Plan Cheyenne there were a variety of concerns expressed. Some false information was provided to the residents specifically relating to the adverse impact that affordable housing options could have on area neighbors. Such information, when not based in fact, has the ability to become a barrier to providing affordable housing within the City of Cheyenne. The MPO, Planning, Development and Building offices will continue to work with and encourage developers to build more affordable housing along with encouraging a broader diversity of housing types that can better match housing products to area incomes. Additional discussions relating to density and strategies to mitigate the adverse effects of density will continue to be an ongoing topic of discussion in the City of Cheyenne.

Discussions have also been held within City offices to see if fees could be lowered to make development more affordable. Although fees constitute a small proportion of the total cost of any housing unit, future discussions relating to fees should also focus on strategies or credits that could be applied to affordable housing.

Discussion:

Cheyenne, like most communities, deals with potential concerns and opposition from neighborhoods

and residents when any new development is proposed. "Not in my backyard," NIMBY, and "Not over there, either," NOTE, are common outcries.

Affordable rental housing draws the most attention, although affordable owner housing has opposition. Neighbors express concerns about overcrowded schools, falling property values, crime and traffic. To calm these reasonable concerns, the City should continue to provide a balanced approach to development in which these issues are addressed in code and are mitigated by our standards. With adequate assurances in place, elected officials can assure concerned neighbors that their issues will be addressed in a predictable and sufficient manner. This enables elected officials to approve development projects with greater certainty that they are not neglecting the concerns of area residents they represent.

The Cheyenne Housing & Community Development (H&CD) Office offers several programs to remove barriers to affordable housing:

- 1) Assistance with down payment and closing costs for first time homebuyers.
- 2) Assistance with housing rehabilitation to bring a home up to code, making it safe, decent and sanitary.

In addition to the H&CD Office programs, the Cheyenne Building Department, Planning Services and Cheyenne's governing body work with developers to encourage affordable housing development. PlanCheyenne is a great educational tool for developers to see how smaller more compact and affordable neighborhoods could benefit the City of Cheyenne. The CHA Housing Market Study, the 2015 Rural Resource Team Report, the 2018 Laramie County Housing Report and the 2018 Wyoming Housing Needs Forecast also show that Affordable Housing is a need within the City.

AP-85 Other Actions – 91.220(k)

Introduction:

The Housing & Community Development (H&CD) Office will continue to develop programs and initiatives, designed to improve existing programs, and identify additional sources to better serve those in need of affordable housing and related services.

Actions planned to address obstacles to meeting underserved needs

The City of Cheyenne has a strong working relationship established with the Cheyenne Housing Authority and with the local nonprofit agencies and organizations that provide services to low and moderate-income households and underserved populations in the community. The city and its staff will continue to support these agencies and organizations as they serve the community's populations who are most in need of assistance, including the homeless and special needs populations. The City of Cheyenne will also promote continued communication and collaboration among these groups.

The greatest obstacle facing all agencies and organizations who work to meet the underserved needs in the community has been and is expected to continue to be the lack of available funding for meeting the level of need that exists in the community. Funding has been reduced for most programs, including housing, community development, education, and human services. As a result, competition for available funds has increased. The City of Cheyenne had a decrease in sales tax revenues in 2010 which caused the city to decrease their allocation to nonprofits. The funding levels have remained low due to the lack of sustainable revenue.

Actions planned to foster and maintain affordable housing

The H&CD Office will continue to work with the City Planning offices to support PlanCheyenne and will offer support to other agencies that work with and foster affordable housing.

The H&CD Office will also continue to provide funding for homeowner rehabilitation projects in an effort to maintain the local affordable housing stock and also continue to provide funding for first time homebuyers to assist with down payment and closing costs.

Actions planned to reduce lead-based paint hazards

According to Census data, Cheyenne has over 18,000 housing units that were built prior to 1980 and many of these units are thought to contain lead based paint. The neighborhoods containing older homes are also neighborhoods that many low and moderate income individuals and families call home. The H&CD's policy when dealing with housing rehabilitation projects is to require lead paint testing by a certified lead based paint inspector on any house built prior to 1978, if the rehabilitation work will include disturbing any existing painted surfaces. Where lead based paint is found, the safe

removal or encapsulation of all areas containing lead paint will be required as part of the rehabilitation contract.

The H&CD Office Contract Housing Inspector is trained in dealing with lead based paint, and is certified as a lead paint Inspector and Risk Assessor. Only Certified Renovation Firms, listed with the EPA, are invited to bid on the homes where lead based paint is found.

Lead paint information booklets are available in English and Spanish, and are provided to all Emergency Assistance Program (HAND) and HOME Program participants, as well as buyers through the Cheyenne Homebuyers Opportunities Program (CHOP).

The H&CD Office sponsored Certified Renovation classes in recent years and several local contractors attended. Additional classes will be sponsored by the H&CD Office as needed.

The H&CD Office is also working with the nonprofit agencies in Cheyenne and the City/County Health Department. If the City/County Health Department becomes aware of a lead based hazard they can contact the H&CD Office and request a lead inspection. If a sub grantee is required to have a lead based paint test done, then the H&CD Office Housing Inspector is made available to perform the lead test. A new lead analyzer was purchased and will provide enhanced lead results.

Actions planned to reduce the number of poverty-level families

The majority of the activities funded by the City of Cheyenne CDBG grant are intended to reduce the number of persons living in poverty and improve their overall quality of life. The programs that may influence poverty levels include those that provide job training and skills; public service activities; and affordable housing opportunities.

Actions that will take place during 2019 to promote self-sufficiency and help move individuals and families out of poverty include:

- 1) Funding for job training for low-income students through Laramie County Community College scholarship assistance and job training offered through Climb Wyoming for low-income single mothers.
- 2) Continued support for agencies that work with individuals and families living in poverty, including;
 - Funding for transportation programs (providing free bus tokens that allow those with no

transportation the ability to travel to work, the doctor, the grocery store, etc.)

- Funding for the local food bank (providing food baskets for the low income)

3) Continued support of public facilities by providing rehabilitation to include:

- Funding for the local homeless shelter (providing rehabilitation to their transitional housing apartments)
- Funding for the local senior center (providing rehabilitation for their walk-in freezer)
- Funding for the local food bank (providing rehabilitation for their facility to include fire safety upgrades)
- Possible funding for the rehabilitation of a facility that would create job opportunities.

4) Continued support for low-income neighborhood improvements to include:

- Funding for a low-income area park (providing for the removal of an old worn playground and installation of a new ADA playground)

Actions planned to develop institutional structure

It is the responsibility of the Cheyenne Housing & Community Development (H&CD) Office Program Manager to administer the 2019 grant proposals, as well as, ongoing programs from prior years, as public guardian in a manner that is accountable and demonstrates cost effective methods for the betterment of the community, while reflecting the intent of CDBG to service the needs of the community in meeting a national objective.

The H&CD Office works with several city departments on CDBG funded projects. These departments include the following:

1) Finance Department, which provides management of the financial aspects of the grant and fund draw

down and assists when the Program Manager is unavailable;

- 2) Purchasing Department, which provides assistance to the H&CD Office with purchase orders;
- 3) IT Department, which provides computer, mail room, and copy assistance;
- 4) Fire & Rescue Department, which provides management of the smoke detector program;
- 5) Other city departments, as the need may arise.

The City of Cheyenne H&CD Office has a partnership with and between nonprofit organizations, community residents, social service agencies, public health, public institutions and businesses. With these working partnerships our office will be able to direct people to the agencies that can better serve their needs if the H&CD Office cannot help them.

The Advisory Council looks closely at the individual grants that are received to make sure that the grant recipients do not duplicate services. This way our funds can be spread throughout the community in a more efficient and cost effective manner.

The H&CD Office is working with Laramie County Community Partnership, Inc. This partnership was formed to promote active participation in defining and addressing the problems we face in our community. It is a forum to discuss ideas about the direction our community is heading and to implement innovative strategies that will take us in the direction we want to go, a vibrant, thriving community that offers the opportunity for all of our residents to realize their full potential.

The H&CD Office Program Manager is also working with the Wyoming 211 agency and the Inter Service Family Assistance Committee as other avenues to inform the community of our services.

The Wyoming Homeless Collaborative is working with agencies throughout the state, including the H&CD Office, to strengthen the Continuum of Care in Wyoming. One of their steps was to ensure that the 2015, 2016, 2017, 2018 and 2019 Point in Time Count was a success.

Actions planned to enhance coordination between public and private housing and social service agencies

The City of Cheyenne continues to work in coordination and collaboration with multiple public and private entities including Cheyenne Housing Authority, Cheyenne Transit, Community Recreation & Events, The Salvation Army, Community Action of Laramie County (CALC), COMEA House, Needs Inc., and LCCP partners in addressing the needs of low to moderate income, special needs, and homeless

populations.

Discussion:

It is the intent of the Housing & Community Development Office to continue working with the residents and agencies of Cheyenne to help the low income population in the areas of Housing, Homelessness/Special Populations and Economic/Community Development.
