

**EMPLOYEE INSURANCE RENEWAL FOR 2018
PRESENTATION TO COUNCIL
MAY 2018**

Approved as to
form only:

Date: 5/3/18

The People, the Process and the Proposal

People involved in reviewing this issue and bringing these options before Council

The Employee Benefits Committee – volunteers representing all facets of City government

Aaron Willmarth – CPD	TJ Haws – CFR	Michelle Shimmin – CPEA
Rocky Case – City Council	Keith McQueen – employees not in CPEA	
Vicki Nemecek – department directors	Ron Downey – Treasurer	
Denise Freeman – HR	Sylvia Hackl – Attorney	

Novo Benefits – retained consultants

Rob Henderson – Vice President; Dianna Madvig – Consultant; Kellie Grady – Consultant

Process to review benefits and make recommendations to Council

- Employee Benefits Committee (EBC) has been meeting since Fall 2017 (12+ meetings)
 - All meetings are open to the public; meetings and activities promoted through ‘Stall Talk’
- Employee benefits survey – March 2018 – over 30% rate of return
 - Survey results and all comments forwarded to Council on March 30
- Presentations about benefit structure and funding options (fully insured vs. partially self-funded)
- Meetings with United Healthcare, Blue Cross Blue Shield and UC-Health to discuss funding, benefits, and opportunities for the City
- Health questionnaire for all employees to gather data for underwriting by carriers
 - Data sent to UHC, Blue Cross, Allied, CIGNA for both fully-insured and partially self-insured quotes; over 32 stop-loss carriers contacted in conjunction with self-funding
- EBC met several times in late April to review responses, ask questions, seek information

Proposal/Recommendation from EBC

Major factors considered:

- Premium cost – including increase from previous year
- Benefit structure – address areas of concern to employees
- Providers in network from whom to seek medical treatment
- Customer service

Conclusions:

- Self-funding not economically feasible this year.
- CIGNA not at option; highest quote plus significant loss of providers in-network.
- UHC was negotiated down to either a lower rate or a decrease in the out-of-pocket maximum to \$3,500/\$7,500. No other benefit changes were proposed. Limited provider network and customer service remain major concerns.
- Blue Cross Blue Shield offered a competitive rate, benefit enhancements, the broadest network, and brick-and-mortar building in Cheyenne. EBC recommends this option.

Health Benefits Proposal

Effective Date: 07/01/2018

On behalf of:

Dianna Madvig

5/2/2018

Prepared by:

Creative Benefit Solutions to Meet Your Business Needs

May 3, 2018

City of Cheyenne,

Novo Benefits is pleased to present our proposal to provide health and benefit services to your organization. While most benefit plans are typically designed for the masses, we provide a high level of flexibility and creativity to help you achieve your unique business needs. Additionally, we understand the challenges you face in managing the rapid upward trend in health benefit costs and how this affects your organization. Our proposal presents a unique, customized approach to helping you implement a long-term strategy to manage healthcare costs while continuing to provide affordable, quality benefits to your employees.

The cost of health and benefit services has surged over the past decade and has become one of the most significant costs to impact your bottom line. Novo Benefits will help you control costs by working to improve the health of your employees and prevent expensive health conditions. Many costs driving the rise in healthcare trends are preventable, but it takes coordinated care within a broad portfolio of wellness and care management programs to actually change behaviors. We believe in implementing these powerful programs which are proactive and engaging before claims are incurred.

In the fight against rising medical claim costs, you need a strong ally. One that has a proven track record of effectively managing rising medical costs. Novo Benefits will give you an edge by aligning extensive, proven wellness plans to create affordable benefit solutions today and well into the future.

Finally, we know that the idea of changing health benefit plans can often be daunting or complex. Please know that we are committed to working with you and we will always be responsive to your needs. In making and keeping these commitments, we will demonstrate there is a much better alternative to conventional, "off-the-shelf" health plans. The alternative is Novo Benefits and our customized benefit solutions.

Thank you again for considering our proposal. If I can personally assist you or you have additional questions, please feel free to contact me directly.

Respectfully,

Rob Henderson
Novo Benefits, LLC.
Vice-President, Sales

Assumptions of Quotation

City of Cheyenne

Effective Date: 07/01/2018

In addition to the Assumptions listed within the ASO Proposal, the following Assumptions have been used to obtain the attached Stop-Loss Proposals. Any deviance in these assumptions could increase or reduce the factors shown.

Employees are located in Wyoming

Final participation will be a Minimum of 75% of Eligible Employees and their Dependents and COBRA participants do not exceed 10% of covered employee base.

If enrollment changes +/-10% during the contract period, or in the final month of enrollment reported for quoting, a recalculation to the rates and factors may be necessary.

PPO access and integration fees are included. PPO directories are available online.

No coverage included for expenses resulting from procedures which are considered experimental.

Quote assumes run-out claims will be administered by the current carrier. If run-in is selected, run-in limits may be placed on coverage based on updated claim experience.

Quotes are subject to approval of Third Party Administrator, PPO Networks and UR Vendor.

We have made every effort to supply you with an accurate and comprehensive proposal, however, we will not be bound by any typographical errors or omissions contained herein.

Quotes are based on data submitted including census, claims, premium history, large claim information, and other relevant information. Any inaccuracy in the data will require additional calculations. Quotes assume Employer's claims account is fully funded through the end of the policy period and no claims are being held for slow funding reasons. Variations may cause change in quoted amounts.

THE ATTACHED QUOTES ARE NOT BINDING NOR DO THEY GUARANTEE COVERAGE

Conditions of Quotation

City of Cheyenne

Effective Date: 07/01/2018

General Conditions

All stop-loss rates are based upon the above effective date and the data submitted. Rates are also subject to final underwriting including:

- Receipt and verification of final Census
- Receipt and verification of final Plan Document
- Monthly paid claims, large claims, and enrollments for the 24 month period prior to the effective date
- Review of individual shock loss data including diagnosis, prognosis, and amount of paid claims
- Signed and approved disclosure statement from stop-loss provider

The stop-loss rates require all employees to be actively at work or to be disclosed

***We recommend that your definition of full-time employee be updated to include "legally employed."**
