ORDINANCE – 3rd READING – Amending the City of Cheyenne’s Solid Waste Fee Schedule. Upon inquiry by Mr. Dierksen, President Rinne advised the sanitation fee schedule is reviewed annually. Reporting for Finance Committee, Mr. White reported there was no recommendation on the item from the Committee. Mr. Roybal moved to approve on third and final reading, seconded by Mr. Laybourn. Mr. Shanor, seconded by Mr. Roybal, moved to amend by adding a Note 16 at the end of the schedule as follows: No revenues realized from the 5% sanitation fee increase may be used on payroll until such time as the construction and equipment objectives identified in the 2014 HDR study have been completed in full. Discussion included: Construction and equipment objectives; solid waste enterprise fund; past fee increases; landfill expansion and closure costs; vehicle replacements and sanitation employee salary increases. During discussion, Ms. Nemecek responded to questions involving sanitation and landfill operations, expenses and budget; anticipated future fee increases, and the landfill plan, and commented on the 3% pay for performance employee funds included in the FY2019 solid waste budget and the need to retain employees. Randy Hays, Board of Public Utilities (BOPU), submitted a hand-out (on file with City Clerk’s office) which he reviewed regarding the Board’s recommendation for a 3% rate increase for both water and sewer funds, and explained factors involved in proposing the rate adjustments. Mr. Hays provided information on how rates are assessed for multi-family vs single family residential units and, upon inquiry, noted the reasons for decreases in funding amounts for operational and maintenance, and capital expenditures affiliated with BOPU’s proposed FY2019 budget. Jeffrey Dierksen questioned location identification of lead pipes relative to replacement of water mains, and the different rate tiers for multiple vs. single family residences with Mr. Hays providing information in response. Astrid commented on fair allocation rate structures, suggesting rates be based upon the size of a residence, and reviewing older portions of the City to determine the location and replacement of lead pipes. Mr. White moved to approve on second reading, seconded by Mr. Case. Motion carried. Voting “yes” – all members of the governing body present with the exception of Mr. Johnson voting “no” and President Rinne who did not vote.

ORDINANCE – 2nd READING – Appropriating moneys for the City of Cheyenne, Wyoming, for the various purposes in conducting the municipal government of said City and fixing the amount of general and special taxes as part of the revenue required to meet the said appropriation, all for the Fiscal Year beginning July 1, 2018 and ending June 30, 2019. Stephanie Lowe, President, Cheyenne Public Employees Association, spoke in support of the proposed 3% employee pay for performance funding contained in the budget, noting a performance based plan will assist with retaining employees. Reporting for Committee of the Whole, Mr. Case moved to approve on second reading, seconded by Mr. Roybal. Mr. Case moved to amend by removing \$100,000.00 from reserves and placing it into the Abandoned Building line item, seconded by Mr. Cook. Discussion included use of taxpayer's funds vs. neighborhoods taking care of blighted properties through such mechanisms as property covenants; utilizing funding from recurring revenue instead of reserves; enforcing existing codes relative to blighted properties, and limited staffing levels currently existing for addressing nuisance violations and abatements through the Code Enforcement office. Motion failed. Voting "no" – all members of the governing body present except President Rinne who did not vote. Discussion followed on departmental supplemental budget requests noted in the working budget book, specifically Fire and Rescue Department requests; amount of funding that would be needed to include supplemental requests in the budget; inclusion of revenue in the budget from proposed sale of city property that has not yet been approved for sale; funding from reserves vs. recurring revenue, and employee raises and benefits. Upon inquiry during discussion, Chief Greg Hoggatt, Fire and Rescue Department, provided information on supplemental requests for his department involving equipment replacements; plans to create a life cycle value for equipment; lease/option to purchase equipment scenario; department overtime and training; and response to calls through dispatch involving Fire and Rescue staff as well as ambulance response. Mr. Shanor moved to amend by removing the approximately \$771,818.00 proposed to be expended on merit (i.e. pay for performance) raises in the standard budget and removing the entire \$6,534,851.00 proposed in supplemental requests, seconded by Mr. Case. Detective Aaron Willmarth, Police Protective Association, and Ms. Lowe commented in support of the value of City employees and pay for performance benefits. Discussion included the pay for performance plan, which is still being developed by the administration, and implementation timeframe. Mr. Downey and Eric Fountain, Mayor's Chief of Staff, provided information in response to inquiries regarding the performance plan and status regarding implementation, with Mr. Downey noting that, if revenues are appropriated to do so, the budget could be supplemented at a later date to implement the plan.

Discussion on the amendment included the following: Verification of funding amount of \$40,000.00 needed for the City Engineer position; areas included in funding for Police Admin and Police Patrol line items, including two additional police officer positions, and clarification of Patrol funding amount of \$292,473.00 not \$292,471.00; Fight the Blight program funding sources, and resources for nuisance enforcement. Upon inquiry, Mr. Downey provided information on potential Community Development Block Grant funds that may be available for the Fight the Blight program. Upon inquiry during discussion, Vicki Nemecek, Director of Public Works, stated her concurrence with the proposed amendment regarding the Facilities and Maintenance budget but indicated an additional \$10,000.00 is needed in the Public Works Admin budget for the City’s fleet vehicle pool costs. Chief Brian Kozak, Police Department, Chief Hoggatt, and Mr. Downey also concurred with the proposed amendments relative to their respective budgets. Mr. Downey clarified the general fund expenditure amount budgeted for merit based increases was \$525,000.00 and the total of \$771,818.00 for merit increases included other funds (i.e. 5<sup>th</sup> penny, 6<sup>th</sup> penny, sanitation and fleet, etc.). 570 for FY2019, and for the Mayor to find the \$246,525.00 in recurring revenues and recurring expenditure decreases to balance the general fund budget as well as to account for the other funds that were removed for merit raises to find another expenditure in those line items other than the merit raises. Discussion included Fire Chief discretion and authorization to utilize the \$629,000.00 as he deemed appropriate. Friendly amendment was offered by Mr. Roybal and accepted by Mr. Shanor and Mr. Case, as the maker and second to the motion to amend, to add “at his discretion” at the end of the phrase “as deemed necessary by the Fire Chief”.
