

**ENTITLED: “A RESOLUTION AUTHORIZING SUBMISSION OF A CAPITAL CONSTRUCTION LOAN APPLICATION TO THE STATE LOAN AND INVESTMENT BOARD ON BEHALF OF THE GOVERNING BODY OF THE CITY OF CHEYENNE FOR THE PURPOSE OF FUNDING THE REPLACEMENT OF FIRE STATION #5.”**

**WHEREAS,** the Governing Body for the City of Cheyenne desires to participate in the Capital Construction Loan program to assist in financing the replacement of Fire Station #5 in Cheyenne, Wyoming; and

**WHEREAS,** the Governing Body for the City of Cheyenne recognizes the need for a new Fire Station #5; and

**WHEREAS,** the Governing Body for the City of Cheyenne agrees to maintain Fire Station #5 for the life of the loan; and

**WHEREAS,** the Capital Construction Loan program requires that certain criteria be met, as described in the State Loan and Investment Boards Rules and Regulations governing the program, and to the best of our knowledge, this application meets those criteria; and

**WHEREAS,** the estimated cost for the project is \$5,097,485.00 and the City of Cheyenne would like to borrow this full amount; and

**WHEREAS,** the State of Wyoming will hold the mortgage for the land and any buildings added to that land as loan security. The City of Cheyenne anticipates it will use future 6<sup>th</sup> Penny Sales Tax revenues or will use monies from the general fund for the loan repayment.

**NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY FOR THE CITY OF CHEYENNE,** that a loan application in the amount of \$5,097,485.00 be submitted to the State Loan and Investment Board for consideration at the June 6, 2019 meeting to replace Fire Station #5.

**BE IT FURTHER RESOLVED,** that Cindy Schneider, Grants Manager, and Ron Downey, City Treasurer, are hereby designated as the authorized representatives of the City of Cheyenne, to act on behalf of the Governing Body on all matters related to this grant application.

PASSED, APPROVED AND ADOPTED THIS 25<sup>th</sup> day of February, 2019.

## Chapter 38 Capital Construction Loan: Replacement of Fire Station #5

Fire Station #5 is in North Cheyenne and serves the Dell Range Blvd. commercial corridor. The Fire Station is 56 years old (constructed in 1963) and has numerous problems, as it is no longer able to adequately serve Cheyenne's citizens. There has been expansive growth in North Cheyenne's commercial occupancies. Residential growth to the north and east of the old station has also exploded in the past 56 years, rendering the existing station inadequate to ensure proper coverage to both commercial and residential areas.

The existing station is too small to accommodate more than three firefighters. The very populated service area of Cheyenne requires more firefighters than the three that can currently be housed in the small old station. Replacing Station #5 with a larger station will address this issue. Further, problems from sheer age and wear have found this station unfit for continued service.

The 56-year-old Fire Station was not built to accommodate the numerous advances in firefighting, equipment and technology that now exist. A new station, to replace Station #5, will provide for the care of firefighters, vehicles, and equipment. It will be built to provide all that is needed for firefighting in 2019 and for many, many years to come.

Given the poor condition of Fire Station #5, Cheyenne's Fire Chief, Greg Hoggatt, noted "the only repairs that should be authorized are those that keep the station operational until the new station can be built."

In 2017, Cheyenne Fire and Rescue Chief Greg Hoggatt directed his staff to conduct a thorough examination of each fire station and to submit a report to him. The chief condensed the report and added his conclusions and recommendation into an executive summary in October 2017. Regarding Fire Station #5, Chief Hoggatt states, "Begin the process to replace the station that will meet the needs of the department in the future."

If the Capital Construction Loan is approved, the State of Wyoming will hold the mortgage for the land and any buildings added to that land, as loan security. The City of Cheyenne anticipates it will use future 6<sup>th</sup> Penny Sales Tax revenues or will use monies from the general fund for the loan repayment.
