CITY OF CHEYENNE GOVERNING BODY

April 12, 2021

STAFF REPORT

FILE: UDC-21-00079: Annexation of Gysel Whitney LLC (Whitney Ranch, 4th Filing)

REQUEST: An annexation of 81.8 acres of land

LOCATION: Northwest of and adjacent to the intersection of Dell Range Boulevard and Whitney Road.

APPLICANT: Whitney Ranch, LLC

AGENT: Brad Emmons, AVI, PC

OWNER: Gysel Whitney, LLC

PURPOSE: To allow grading under City jurisdiction for future urban-level development

PREPARED BY: Seth Lloyd, Planner II – Development

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.4.2 Annexations
- PlanCheyenne
- East Dell Range Blvd / US 30 Corridor Study
- Whitney Road Corridor Plan

BACKGROUND:

The applicant is requesting annexing of 81.8 acres of land for future residential and commercial development. The County Assessor presently shows the tract of land as part of one larger unplatted parcel. The land is currently undeveloped in the County. A zone change is proposed concurrently with this annexation. Both applications are anticipated to come to final consideration before the Governing Body at the same meeting.

Land annexed to the City requires a City zone. The petition to annex has been accompanied by a submission to change the zoning from County A-2 Agricultural to the City zone of AG Agricultural. While the AG zone does not allow urban-style uses, it is appropriate as a holding zone until development plans are finalized. The purpose of this annexation is to allow preliminary actions (such as grading) to occur under the City's jurisdiction prior to finalizing the development patterns. A preliminary plat for the area, with lots and blocks designed for residential and commercial development, was approved in August 2020. It is anticipated that a final plat and a rezoning application would come before the Governing Body within a year of this annexation.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	Urban Residential and Mixed-Use Commercial	County A-2	Undeveloped, one residence
North	Urban Residential	County A-2	Undeveloped
South	Urban Residential	County AR	Low density Single-family Residential
East	Urban Residential and Mixed-Use Commercial	County LR, County MU, County AR	Rural Residential, Undeveloped
West	Urban Residential	MR, County AR	Single-family Residential

The property is currently zoned A-2 Agricultural in the County. The property is concurrently proposed to be annexed and rezoned to the AG Agricultural. The AG zone is generally described as an agricultural or natural area zone, where most typical urban-style uses are prohibited. The AG zone is applicable to areas where significant natural lands or open spaces are to be protected, or as an interim or holding zone for areas that may be further developed in the long term, but where minimal development activity in the interim is acceptable and will not prematurely establish development patterns.

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

To accept the petition to annex and approve the annexation Ordinance, the Governing Body must make the following findings required in WS 15-1-402; a detailed analysis of which is below:

- 1) An annexation of the area is for the protection of the health, safety and welfare of the persons residing in the area and in the city or town. [WS 15-1-402 (a) (i)]**

The annexation of this property will increase the health, safety, and welfare of the occupants of future development once it is built. By being in City limits, the property will receive access to City Fire and Police and sanitation services. The property will also be connected to City water and sanitary sewer instead of having wells and septic systems.

The application **complies** with this review criterion.

- 2) The urban development of the area sought to be annexed would constitute a natural, geographical, economical and social part of the annexing city or town. [WS 15-1-402 (a) (ii)]**

This property, once developed, will constitute a natural, geographic, economic, and social part of the city. The contiguity to the west and the proximity to urban-style development to the south makes the parcel a natural geographic part of the City. The development of this property will benefit those who live within the City and will be a part of the social and economic fabric that is Cheyenne.

The application **complies** with this review criterion.

- 3) The area sought to be annexed is a logical and feasible addition to the annexing city or town and the extension of basic and other services customarily available to residents of the city or town shall, within reason, be available to the area proposed to be annexed. [WS 15-1-402 (a) (iii)]**

The area is a logical and feasible addition to the City due to the reasons previously listed. All City services normally available to residents will also be made available. Police and fire protection will be extended upon annexation. City water and sewer lines exist in the vicinity and could be extended with the development of the property.

The application **complies** with this review criterion.

- 4) The area sought to be annexed is contiguous with or adjacent to the annexing city or town, or the area meets the requirements of W.S. 15-1-407. [WS 15-1-402 (a) (iv)]**

The area proposed for annexation are about 8.2% contiguous, along the western edge.

The application **complies** with this review criterion.

- 5) **If the city or town does not own or operate its own electric utility, its governing body is prepared to issue one (1) or more franchises as necessary to serve the annexed area pursuant to W.S. 15-1-410. [WS 15-1-402 (a) (v)]**

Utility franchises are in place to serve the annexed area.

The application **complies** with this review criterion.

- 6) **The annexing city or town, not less than twenty (20) business days prior to the public hearing required by W.S. 15-1-405(a), has sent by certified mail to all landowners and affected public utilities within the territory a summary of the proposed annexation report as required under subsection (c) of this section and notice of the time, date and location of the public hearing required by W.S. 15-1-405(a). [WS 15-1-402 (a) (vi)]**

A certified mailing was made to the landowners and public utilities on March 12, 2021. The public hearing for this annexation is scheduled for April 12, 2021. Twenty (20) business days prior to the announced public hearing is March 15, 2021. The earliest confirmation of delivery was dated March 13, 2021.

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- Plan Cheyenne
- East Dell Range Blvd / US 30 Corridor Study
- Whitney Road Corridor Plan

The Future Land Use Map of PlanCheyenne, as updated by Connect 2045, anticipates this area of the community to develop with an urban residential style of development. These areas are expected to develop with full access to urban services – such areas are best served by being within City limits. Policies in PlanCheyenne support development within the Urban Service Boundary and the utilization of existing infrastructure.

The East Dell Range Blvd / US 30 Corridor Study and the Whitney Road Corridor Plan both anticipate that this area to develop with urban-style commercial and residential uses. Urban-style uses are best served by being within City limits and connecting to City services.

STAFF REVIEW:

Through the review process, the following comments were received:

- Annexation is appropriate from an environmental health perspective
- Annexation will bring Dell Range Boulevard and Whitney Road and the intersection into city limits

CONCLUSION:

Staff is satisfied that the application meets the review criteria and therefore recommends approval of the annexation.

The proposed annexation is a natural extension of the City, is contiguous to the current City limits, and services typically available to urban areas are available to this property.

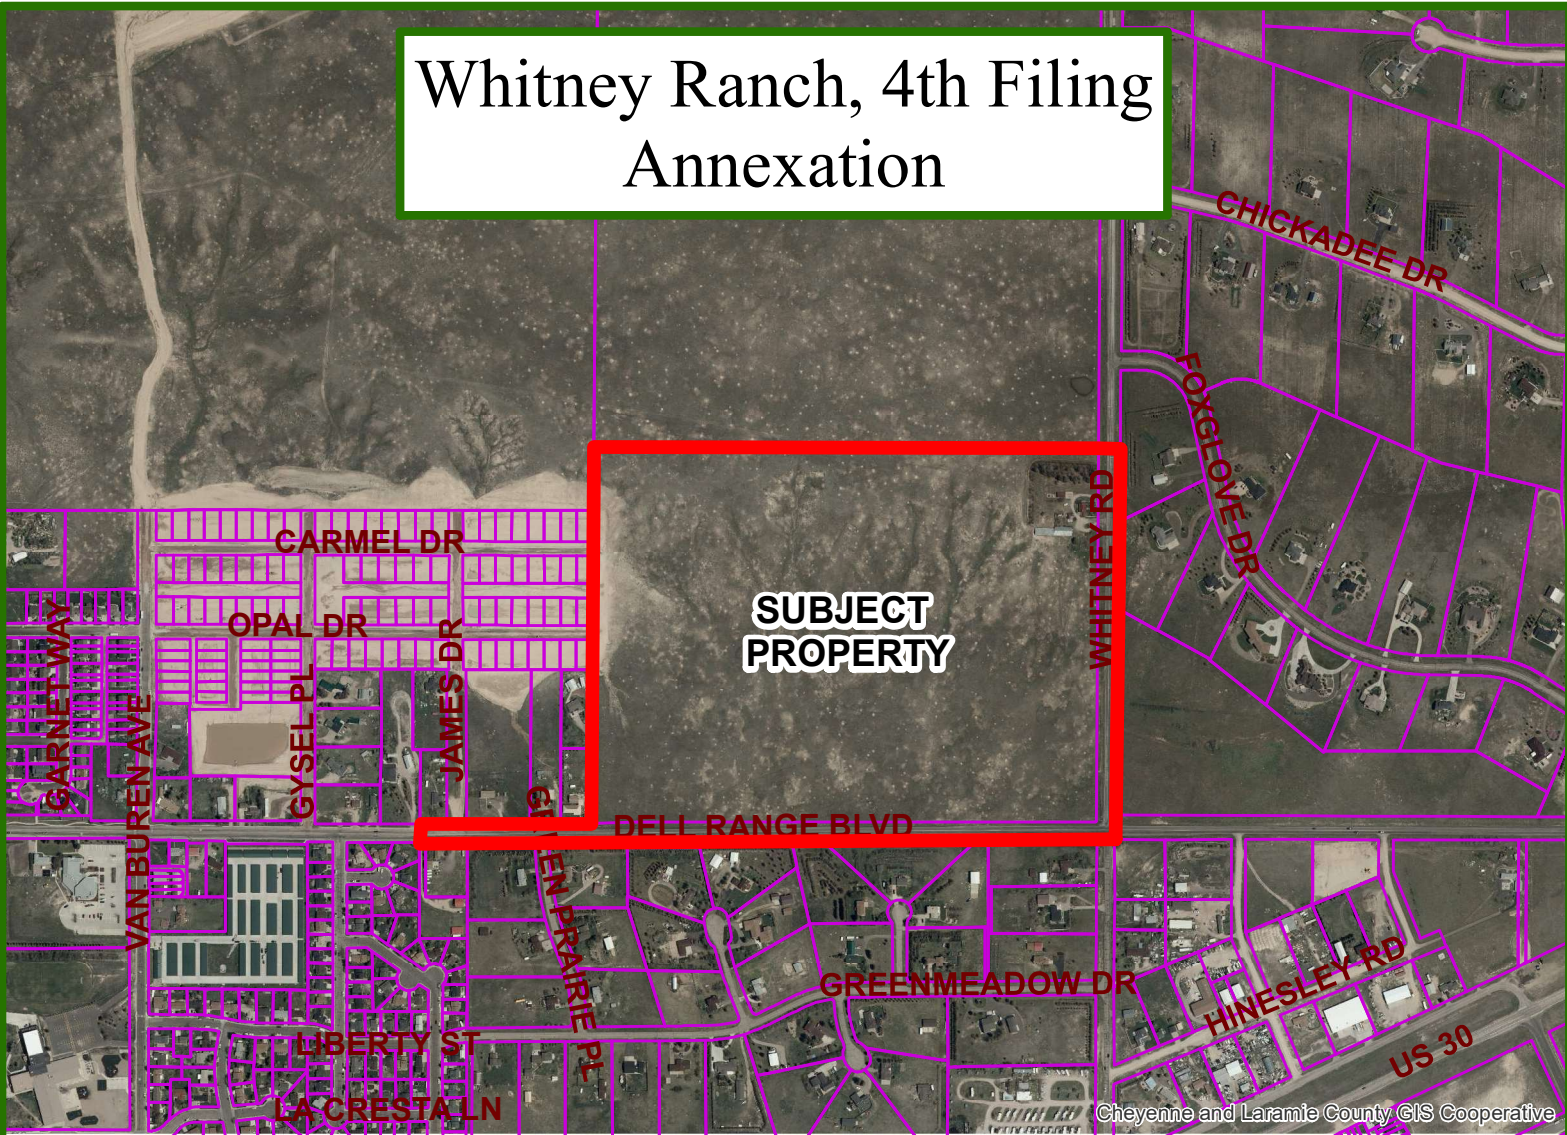

STAFF RECOMMENDATION:

Staff recommends approval of the annexation of the property.
